2022 Update

S3 E29 via Zoom

Is America Headed to a Second Civil War?

A few years ago, people would have laughed at those who spoke of a Second Civil War. Today, no one is laughing. More and more people are asking if it is possible—both in public and in private. Unlike the War Between the States, we might see a well-armed, and more often street-armed, splotchy civil war that pits tribe against tribe, interest against interest, jurisdiction against jurisdiction, state against state, urban against rural, military group against military group, and Red against Blue. What can accelerate it? What can slow it down? Democratic political strategist Josh Block and civil rights attorney Nathan Lewin join Edwin.
